

EU Type Examination Certificate

Date: 2024/02/22

n. **1054240804/OE**

Validity: 2029/02/21

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: **iXS ag**
(Responsible of the PPE) Haldenmattstrasse 3, 6210 Sursee – SWITZERLAND

Type of PPE: **Motorcyclist's protective clothing: TROUSERS**

Category of PPE: **II** : "medium" risks.
This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.

Model **"X65337"**
TOUR WOMEN PANT SPACE-ST+
COL. BLACK (003)

Description: external side: black fabric (SS-450 STRETCH 2L BLK); black stretch fabric (SS-RIPTEX 2L BLK); black anti-slip material (IS-GRIBLK);

internal side: black fabric (SS-450 STRETCH 2L BLK); black perforated mesh (US-2DABLK); black Lycra (IS-4WYBLK); black fabric (JT-TFLBLK); black fabric (HZ-300/5BLK); black fabric (PR-MeshTPUBLK);

mid-layer: black fabric (CSY12-6090); black 3D mesh (IS-3DABLK);

main fastening: by means of a polymeric zipper closure and metallic slider and metallic button (S&D-60227/ V BlkD) in contact with the user;

leg and ankle closure: by means of a polymeric zipper closure and metallic slider;

external pockets: black fabric (SS-450 STRETCH 2L BLK), black fabric (IS-HYDBLK) fastened by means of a polymeric zipper closure and metallic slider; black fabric (SS-450 STRETCH 2L BLK), black fabric (SS-450 STRETCH 2L BLK) fastened by means of a polymeric zipper closure and metallic slider;

protectors pocket (hip and knee): black fabric (JT-TFLBLK), black perforated mesh (US-2DABLK) fastened by means of a hook and loop closure;

vents: black mesh (US-R1MBLK) fastened by means a polymeric zipper closure and metallic slider.

Certified protectors (according to EN 1621-1:2012) inserted into the garment – all by Tech90 Tekstil Ve Yaz. San. Tic. Ltd. Sti.:

knee protector: art. "TP-01"; hip protector: art. "ETP-03".

Technical Standard: **EN ISO 13688:2013** Protective clothing – general requirements
EN 17092-3:2020 Protective garments for motorcycle riders – Part 3: Class AA garments – Requirements

Intended use: Motorcycling: preventive use – correct fitting and positioning of the inner protections are essential.

Size range: WOMEN's sizes: Standard = DXS to D3XL | Tall = DLXS to DL3XL | Stocky = DKM to DK5XL - full sizing information in the User Manual

Technical File: **DC-17343**

Test report: **RCT n°4243908/E**

EU Type Examination Certificate

Date: 2024/02/22

n. **1054240804/OE**

Validity: 2029/02/21

Functions and performance levels:

The garment offers limited protection against mechanical risks arising from impact and abrasion in case of a fall while participating in motorcycling activities.

This PPE item has reached the following performance:

Class AA(*): Class AA garments offer protection from impact and abrasion against the risks of the greatest diversity of riding activities and may have lower ergonomic and weight penalties than Class AAA garments.

(*) The Standard provides different classes of protection for garments including protectors/shells: AAA (highest class), AA (middle class) and A (lowest class); class B is for garments not including protectors / shells = just abrasion protection; class C is for impact protector ensemble garments.

NOTES: the protection provided also depends on the correct fit of the garment; the CE-Certified incorporated impact protectors provide strengthened protection and must be kept in their place: this falls within the responsibility of the user.

Marking:

printed on 5 stitched labels and displaying the following information:

- **CE Marking**;

- name, trademark and address of the Manufacturer;

- item designation (article code);

- pictogram to indicate the intended use (motorcycling), indication of the class of protection achieved, nr./year of the European Standard;

- pictogram instructing to read the User Manual;

- size indication;

- material composition, care/washing symbols and instructions, warnings, "Made in...", internal codes.

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements.

The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
